

Minimum Specs for GHS Bring Your Own Device:

Laptops.

- 11 Inch screen minimum.

All Brands will work. NB: Apple MacBook Air and Pro work and do not require checking.

- 5GHz Wireless N, AC or ABGN. (802.11 wireless ABGN will work. Wireless ABGN must contain the letter “A” for this device to work on our system. Wireless BGN on its own will not work in the school.
- 6-8 Hour Battery Life.
- 8GB RAM or better.

Chromebooks

- 11 Inch screen minimum.
- All Chromebooks will work on our system.
- The current standard is 4GB RAM, we suggest 8 GB.
- Before you Log in to a new Chromebook, please read our instructions on how to set up a Chromebook for student use.

All devices:

- A protective case or cover for their laptop or Chromebook.
- Insurance and Warranty should also be a consideration when purchasing a device.

NB: We do not allow phones and tablets for use by students, and they will not be connected to our internet. (iPads, iPhones, Android Phones/Tables, etc.)

Please do not hesitate to contact our Tech Support at Grafton High School. They will let you know if the device you are considering will work on our WIFI system. Contact Grafton HS PH; (02) 6642 33 55.
