

Criteria for Non-local Enrolment Applications

These criteria cover all non-local student enrolments. They are designed to ensure that the school can enforce enrolment buffers in line with Department of Education policy and maintain sufficient places for local enrolments in 2020:

- medical reasons
- availability of subjects or combinations of subjects (senior students)
- compassionate circumstances

Please note that placement in support unit classes is determined by the District Placement Panel, which operates external to the school. Similarly, placement in the school selective stream is determined as part of the annual state-wide selective high schools placement process.

The principal will ensure that the established criteria are applied equitably to all applicants. Parents can be provided with an explanation of the decisions of the placement panel in writing, should they request it.

Criteria for Non-local Enrolment Applications for Year 7 - 2021

Criteria cover all non-local student enrolments for Year 6 into 7. They are designed to ensure that the school can enforce enrolment buffers in line with Department of Education policy and maintain sufficient places for local enrolments in 2021. These criteria for 2021 non-local enrolments are:

- medical reasons
- compassionate circumstances

Please note that placement in support unit classes is determined by the District Placement Panel, which operates external to the school. Similarly, placement in the school selective stream is determined as part of the annual state-wide selective high schools placement process.
