# GRAFTON HIGH SCHOOL – YEAR 10 ASSESSMENT PROCEDURES

## 1. How will I be notified of impending assessment tasks?

- You will receive written notice of every assessment task at least two weeks before the due date. Notice will be given in a standardised format across all subjects. It will include information regarding task number, task weight, outcomes, due date and time, assessment criteria, marking scheme and clearly outlined expectations.
- If you are absent on the day the class is notified of an assessment task, it is your responsibility to inform your teacher immediately on your return to school. They will then issue you with the task, which you will be expected to complete by the original due date.

## 2. When should an assessment task be submitted?

- Take-home tasks must be submitted on or before the due date stated on the assessment notification.
- In-class tasks must be completed at the time and date stated on the assessment notification.
- Students must attend all timetabled classes and will not be granted leave of absence to prepare for other assessment tasks in these times.

## 3. What do I do if I know I am going to be absent for an assessment task?

- Either hand in the task before the absence or negotiate alternative arrangements with your teacher and/or Head Teacher of the faculty.
- If the absence is for school business (such as an excursion or representative sport) this must be communicated to your teacher and the task is to be submitted the following day or next lesson.

## 4. What happens if my assessment task is late?

- You will lose 10% of your marks per day to a maximum of 30%. i.e after 2 days late you can only receive a maximum of 80% of your mark. After 3 days, unless there are extenuating circumstances a zero mark will be awarded.
- For an opportunity to receive a full allocation of marks, when submitted, a task must be accompanied by a letter from a parent or carer explaining the reason for the lateness of the task.
- You will still be required to complete the task so that you satisfy mandatory Stage 5 course requirements.
- Students using computers to prepare and present an assessment task must accept responsibility for the loss of any data or the non-completion of tasks due to computer related problems. Save your work regularly and always keep a backup or use Google Docs etc that auto save with internet connection!

## 5. What happens if a student is on suspension at the time a task is due?

- The student must make arrangements to submit the task by the due date.
- If the task occurs in class, then the parent/carer of the student will need to seek permission from the Deputy Principal or Principal for the student to attend school to sit the task. Where a student is not permitted to attend school, the Deputy Principal or Principal will ensure alternate arrangements are made for completion of the task.

## 6. What if I am absent on the day an assessment task is scheduled?

- On the day you return to school, you must report to the class teacher and/or Head Teacher to organise an alternative date for the task.
- Supporting evidence (such as a medical certificate or a letter from a parent or carer explaining the absence) should be provided.
- An alternate assessment task may be issued for you to complete or an estimated result may be given at the discretion of the subject Head Teacher.
