## **GRAFTON & MACLEAN HIGH SCHOOLS INDUSTRY ENGAGEMENT VISIT**

A group of students from both Grafton HS and Maclean HS undertook an industry engagement visit to Harwood Marine last term. The students observed the activities undertaken at the shipyard and slipway.

The assistant manager Jason Newport guided the group through each of the workshops and discussed processes and trade roles in each area of the boat building/maintenance operations. Students moved onto one of the large vessels that is being built onsite where managing director Gio Cervella talked to the group about what he looks for in a young person when entering the industry. During this session, several employees discussed their job role and explained their career journey.

Thanks to Murray the workshop foreman and welding inspector for his insight into the trade of Fitting & Machining, Richard for his insight into engineering and his responsibilities as the welding supervisor, Simon for his insight into his electrical trade and current opportunities as a Tugboat operator at Harwood Marine and the two apprentices Bethany (1st Year) and Talen (3rd Year) for their discussions around apprenticeships and what it involves. All these representatives talked about the importance of numeracy skills and 'to always give your best.' Jason and Gio discussed future job opportunities and suggested work experience as an initial step into an apprenticeship.

The excursion was funded by the 'Educational Pathways Program' (EPP) operating at our school. This program helps to ensure that students leave school well prepared for higher education, training, or employment.

## **SRC TEAM BUILDING AND PLANNING DAY**

On Friday 14 October, our Student Representative Council members took part in a planning and team building day. The day included some presentations from successful Grafton High School alumni who have been achieving great things in their chosen fields and vocations. The accidental themes of these presentations were how the road to success and leadership is not a straight path, the importance of perseverance in all that you do and that it is how you respond to setbacks that can make the difference between success and failure. Students participated in some hilarious and challenging team building games and put in motion plans for activities and projects for the coming year.

We would like to thank the Regional Industry Education Partnerships Program for their support in funding the day.

## **FUTSAL**

Last Thursday, some of our students competed in a Futsal Gala Day in Coffs Harbour.

Our u/16 girls lost 3-2 against a very strong Bellingen High. The girls kept them 2-2 for most of the 2nd half but conceded last minute.

Our u/14 girls lost to Bellingen High side 3-0. The girls played well but were unlucky during the game.

Our u/14 boys played well against Bellingen High School, finishing with a 4-4 draw. The game going to penalties and then sudden death penalties (4-3). They then played against a very strong CHHS (Jetty) and sadly lost 9-1.

Our u/16 boys played against CHHS and won 6-5. They scored last minute to come away with an entertaining and fiery win but sadly lost to Orara High School 7-2.

All participating students played outstandingly well and were good role models for GHS.

Thanks to Mrs Moss and Mr Yong for organising a great day.

# VISIT THE GRAFTON REGIONAL GALLERY

## TOURING ARTWORK:

### SHROOMS

In many cultures Mushrooms are considered as a symbol of luck, to find a mushroom means that good luck is at hand. Amigo & Amigo have created this immersive artwork that encourages our social nature whilst contrasting with the grey urban environment. We love hijacking public spaces, embedding them with colour, nature and play. Amigo & Amigo decided to use bold contrasting colours, to create a work that not only engaged and illuminated at night but also being a colourful spectacle during the day.

Visit the SHROOMS in the gardens at GRG during the Jacaranda Festival Week - follow us online for daily details!
